MEMORANDUM FOR THE RECORD

Subject: Disposition of Denazification Records

STAT 1. The following questions were raised today in a meeting with [ ] C/BR/OCR and several of his staff:

a. BR plans to send a man out next month to screen. Can he remove selected file folders from foot lockers and prepare them for shipment? YES

b. Agency is now charging out and reproducing between 100 and 200 case files per month.

Can the Agency retain these files since they will be disposed of Jan 1, 1963. YES

c. Is further paper work required to effect this transfer or is letter of 27 July 1961 to Archivist sufficient.

YES

STAT 2. Talked with Is Perlman, NARS, about above questions - he replied affirmatively to each. Since BR has direct contact with the KC Center, and since BR has already received a letter from KC asking for BR's plan of action, Perlman felt, and I agreed, that NARS central office need not be involved at this time. I called [ ] on this and he will get out a letter to KC at once. A copy will be furnished this office.
